

## BEST ALBUM OF THE MONTH: THANK YOU

### THANK YOU

#### *Terrible Two*

*Thrill Jockey*

**10** Wow, this is really great. Sort of like the super-dynamic, technical guitar'n'drums athletics of Hella crossed with the creepy tribal edge of Liquid Liquid that everyone forgets about

because as soon as they get a cowbell in their hands they have to dance around like spring's come early. Also we were thinking Baltimore was just Dan Deacon and multiple homicides so it's nice there's another thread to add to their rich cultural fabric.
